Intermediate Collision Investigation:
Sept 10th -14th, 2012 from 8am to 5pm each day in the PD Training Room. This course is being instructed by Ron Phillips with TEEX. This 40-hour course introduces the student to basic drawing skills needed for preparing scale diagrams of the scene of a vehicle crash and presents five basic formulas that are used to determine the minimum speed or

combined speed of a vehicle based on skid and/or yaw marks. All reservations will be done through TEEX either by email TEEX.org/publicsafety or by calling 1-800-423-8433. There are no prerequisites in order to attend the class. It is recommended that the participant has successfully completed a high school algebra course. Participants are required to bring a scientific calculator, a 100 ft tape measure, and mechanical or wood pencil(s) with a lead measurement of 0.5mm. A portion of the course is conducted outdoors. It is recommended that all participants bring appropriate clothing that will allow them to continue operations during inclement weather conditions. (This course was moved from the original dates in June due to there not being adequate hotel rooms available).

Union Pacific Railroad PD-Grade Crossing Collision Investigators Course:
Class is being taught on 9-17-2012 from 8am to 12(noon) in the NBPD Training Room. The goal of this program is to bring a clearer understanding to law enforcement officers of the difficulties associated with investigating highway-rail grade crossing collisions. It also provides them unique information needed to complete a thorough investigation. This course and training was developed for the North American law enforcement community with the cooperation of the International Association of Chiefs of Police, the National Sheriff's Association, and Operation Lifesaver, Inc. The course is free to your department. Call Officer Bryan with NBPD to reserve your seat.

Union Pacific Railroad PD-For Fire and Emergency Disaster Responders: This class is scheduled for 9-17-2012 from 1pm to 5pm in the PD Training Room. The instructor is a Special Agent with the Union Pacific Railroad. The goal of this program is to give emergency responders the tools needed to respond effectively and safely to an emergency involving railroad equipment and the difficulties associated with working around railroad tracks. This course and training was developed by Operation Lifesaver, Inc. The class is free of charge. Contact Officer Randy Bryan to reserve your seats.
