Wurstfest Traffic Safety Workshop

New Braunfels, TX – The City of New Braunfels Transportation and Traffic Advisory Board will be hosting a Wurstfest Traffic Safety Workshop on Thursday, March 14, 2013 at 6:00 p.m. The workshop will be held at the City’s Municipal Building, in the Council Chambers, at 424 S. Castell Avenue, New Braunfels, Texas, 78130.

The primary purpose of the workshop is to discuss options to improve traffic safety on Landa Street (Business State Highway 46), Landa Park Drive and Elizabeth Avenue during Wurstfest.

Wurstfest is an annual 10-day festival that attracts many visitors to the Wurstfest Grounds in Landa Park. Many of those visitors walk along, and cross, the adjacent roadways at various locations in order to access the event.

The Transportation and Traffic Advisory Board invites stakeholders and the community to discuss traffic operations and issues, assist in developing a traffic safety plan, and to help identify future improvements.

For additional information, contact Garry Ford, Assistant City Engineer at 830-221-4645.
