Downtown Sidewalk Improvements Information Session

New Braunfels, TX - The City of New Braunfels Downtown Development Board will host an informational session on Monday, April 29, 2013 from 6:00-7:30 p.m., at the New Braunfels Civic/Convention Center, 375 S. Castell Ave. The meeting will highlight construction plans for Phase One of the improvements which were identified in the City Council adopted Pedestrian Safety & Mobility Plan prepared by Baker-Aicklen and Associates Inc.

Phase One will consist of reconstruction of existing sidewalks, construction of new sidewalks where none exist, new curbs, brick paver installation, ADA accessibility (ramps, handrails, etc), and the addition of features at certain intersections to provide for increased pedestrian safety.

Downtown business and property owners, employees, and all interested citizens are encouraged to attend this informational session.
