Dry Comal Nature Trail Benefits from Girl Scout Silver Award Project

New Braunfels, TX - Silver Award candidates Sara Brooks, Hillary Delgado and Mercedes and Monica Suarez, from Girl Scout Troup 2001, recently completed 300 hours of community service as volunteers with the City of New Braunfels Parks and Recreation Department.

The troop developed a plan to revitalize the kiosk and encourage public use of the Dry Comal Trail. Their physical volunteer contributions included significant improvements to the kiosk by sanding, staining and replacing the awning. The troop of five girls also created a flyer and video promoting the trail and benefits of living an active lifestyle.

“The girls wanted to make the community more aware of the natural areas in the New Braunfels,” said Marie Brooks, Troop Mom. “Encouraging our community to utilize the Dry Comal Nature Trail to get active is their goal.”

The Silver Award gives Girl Scouts the chance to show that they are leaders who are organized, determined and dedicated to improving their community, according to Girl Scouts USA.

Citizens can partner with their parks staff in a variety of ways and are encouraged to contact the Parks and Recreation Department at 830.221.4367 or visit nbtexas.org/parks for more information on volunteer opportunities.
