Downtown Sidewalk Improvements Open House

New Braunfels, TX - The City of New Braunfels will host an open house to discuss the downtown sidewalk improvements project on Wednesday, August 7th from 6:00-7:30 p.m. in the Council Chambers at the City's Municipal Building, 424 S. Castell Ave. These improvements were identified in the Pedestrian Safety & Mobility Plan, prepared by Baker-Aicklen and Associates Inc., which was adopted by City Council in 2011.

Phase one of the project consists of the reconstruction of existing sidewalks, construction of new sidewalks where none exist, new curbs, brick paver installation, Americans with Disabilities Act compliance and the addition of features at certain intersections to provide for increased pedestrian safety.

Downtown business and property owners, employees, residents and all interested citizens are encouraged to attend this open house to review the project plans and have any questions answered.
