**Walnut Avenue Pavement Work Scheduled**

**New Braunfels, TX** – The City of New Braunfels is advising motorists to expect delays on Walnut Avenue between the hours of 7:30 a.m. and 8 p.m., on Thursday and Friday, April 3<sup>rd</sup> and 4<sup>th</sup>, and Monday, April 7<sup>th</sup>, between Academy Avenue and Landa Street.

Walnut Avenue Widening Project contractor, Texas Sterling, will be repairing pavement on the northbound segment of roadway between Rothe Loop and Landa Street. The repair requires closure of both northbound traffic lanes, so two-way traffic will be shifted to the southbound lanes and officers will be controlling the Walnut Avenue and Landa Street intersection. Access to local streets and businesses will be maintained during the work.

Outside of the work hours listed here, traffic will shift back to one lane open on the northbound side of this section of Walnut, and two lanes open on the southbound side.

Motorists are advised to use caution when negotiating this area. It is anticipated that the pavement repair will be completed within the timeframe shown, weather and other factors permitting.
