Councilman Green Schedules Third District 1 Citizens' Forum

New Braunfels, Texas — On Tuesday, April 22nd, beginning at 6:00 p.m., District 1 City Councilman George Green will host his third Citizens' Forum at the Tree of Life Church, 5513 N. IH-35.

Two speakers will be featured: Steven Ramsey, PE, RPLS - City of New Braunfels Public Works Director; and Jessica Castiglione, PE - Texas Department of Transportation Area Engineer.

Mr. Ramsey oversees the day to day management of the City's solid waste operations, engineering support, streets and drainage, facilities maintenance and watershed management and will address streets and drainage in Council District 1.

Ms. Castiglione was appointed the TxDOT Area Engineer in May 2013 and supervises design, construction and maintenance in Comal, Guadalupe and Wilson Counties. She will be providing information on North IH-35 and Rueckle Road reconstruction.

"I invite residents from District 1 to come out and learn about some of the many improvement projects scheduled for our district," said Councilman Green. "We have large, 2013 Bond Program projects - such as Live Oak/Katy Drainage Improvements, Morningside Drive, Solms Road and Rueckle Road Reconstructions and the development of Morningside Park - but, there are also a number of other initiatives that are planned in our area."
