City Council Meetings and Other City News Now Available on AT&T U-verse

New Braunfels, Texas —The City of New Braunfels has announced that AT&T U-verse subscribers can now view the City’s municipal access television channel programming.

“Our City Council and staff have a strong commitment to open government and transparency and providing this new service to our citizens is one element of that program,” said Robert Camareno, City Manager. “In addition to the streaming and anytime-play meeting videos available on our website (www.nbtexas.org), this new channel provides another option for those who cannot attend City Council meetings to stay informed and engaged in their government.”

To access the broadcast of City Council meetings and other City news via U-verse, subscribers should tune to channel 99, click “OK,” arrow down and highlight *New Braunfels City News* and click “OK.” Regular City Council meetings occur at 6:00 p.m. on the 2nd and 4th Monday of each month. Replays of City Council meetings can be seen on this U-verse channel, and Time Warner Cable channel 21, Monday through Friday at 9:00 a.m., and Wednesday and Friday at 7:00 p.m.
