Gruene Apple Channel and Roadway Improvements

New Braunfels, TX – The City of New Braunfels has announced a road closure for Gruene Road from Sunnybrook Drive to approximately 200 feet north of the Gruene Road/Sunnybrook Drive intersection beginning Monday, April 14th in conjunction with the Gruene Apple Channel and Roadway Improvements Project.

The project included the installation of storm drains and storm drain inlets along Gruene Road and channel repairs to improve ground/slope stability next to drainage easements. This portion of the project includes milling and paving of the section of Gruene Road where storm drains and storm drain inlets were previously installed.

This work will require a full road closure for two days, between the hours of 7 a.m. – 5 p.m. A temporary, marked detour utilizing Sunnybrook Drive, Rapids Road and Hunter Road will bypass the construction zone.

Construction on this aspect of the project should be completed in the timeframe indicated, weather and other factors permitting.

For additional information contact City of New Braunfels Capital Project Manager Jennifer Cain at 830-221-4646 or jcain@nbtexas.org
