**Judge Zamora Presents “A Day in Municipal Court”**

**New Braunfels, TX** – During the month of May, Judge Rose Zamora, of New Braunfels Municipal Court, visited with over 230 students at elementary schools in the New Braunfels Independent School District. She spoke with students in grades second through fourth and shared a presentation entitled “A Day in the Municipal Court.”

“It is the goal of the Municipal Court to reach out to the community in hopes of educating youth about both the role of the Court and various safety issues,” said Judge Zamora, a former teacher. “Teaching has always been my passion and I am devoted to educating young ones about safety and the court system. The intent is to inform our youth with the overall objective of moving this discussion forward, into their homes. It is with great optimism that I pursue this purpose and I hope to make a difference in their lives.”

Each student received a personal coloring book with the full presentation vocabulary and several exercises they can complete related to the material discussed during Judge Zamora’s visit.
