Temporary Traffic Delays Expected

New Braunfels, TX – The City of New Braunfels has announced that construction will be taking place on Saur Lane/Barbarossa Road from Alves Lane to Westmeyer Road. This project is the second 2013 Bond Program city-wide street repair project for this year.

The scope of work includes removal of the old pavement and base material and replacing it with new base. Once that phase is complete the street will be repaved with new asphalt.

The work is scheduled to begin on June 3, 2014 and is expected to take about one and a half months to complete, weather and other factors permitting.

For additional information, please contact John Cox, Street and Drainage Manager at (830) 221-4030.
