Parks & Recreation Hosts World's Largest Swimming Lesson™ on June 20th

New Braunfels, TX – The City of New Braunfels Parks and Recreation Department is participating in the World's Largest Swimming Lesson on Friday, June 20th, to promote the importance of water safety. During this event, swimming lessons take place at hundreds of locations around the world simultaneously in a coordinated attempt to break the Guinness World Record.

“We are thrilled to promote water safety through this event, as water recreation plays a crucial role in our community,” said Robin Kunkel, Recreation Manager. “Learning to swim is the foundation for staying safe in and around the water. We encourage area residents to join us for this free event and hopefully help us break the record for the world's largest simultaneous swimming lesson.”

The event is from 9:45 a.m. until 11:00 a.m. at the Landa Park Aquatic Complex, located at 350 Aquatic Circle, and is free for all ages and abilities. Participants will learn water safety skills, play games and have an opportunity get their names in the record book. Participants are advised to arrive early in order to complete the required Guinness paperwork.

For more information about the event, or swim lessons, call the Landa Park Aquatic Complex at 830-221-4360 or visit www.nbtexas.org/aquatics.
