**Temporary Traffic Delays Expected**

**New Braunfels, TX** – The City of New Braunfels has announced that construction will begin on Wald Road, from the city limits to the Landa Street spur, on Thursday evening, August 7th. The scope of work includes removing the old pavement and base material, and replacing it with new base. Once that phase is complete, the street will be repaved with new asphalt.

Due to the amount of heavy truck traffic in this area, all work will be done from 6:00 p.m. to 6:00 a.m. Additional improvements - the replacement of a culvert pipe - is scheduled to begin on the evening of August 14<sup>th</sup>.

The project is expected to take approximately three weeks to complete, weather and other factors permitting. The Wald Road project is the third of five 2013 Bond Program city-wide street projects for this year. For additional information contact John Cox, Street and Drainage Manager, at 830-221-4030.
