Junior Master Gardener® Class Offered at Westside Community Center

New Braunfels, TX - The Westside Community Center will offer Junior Master Gardener® classes for teens on the first and third Thursday of each month, from 3:30 p.m. to 5:00 p.m., beginning in October.

Junior Master Gardeners® is an international youth gardening program of the University Extension Network, whose mission is “growing good kids by igniting a passion for learning, success, and service through a unique gardening education.”

Parents and students can register for the Junior Master Gardener® program and are required to attend a minimum of 12 classes throughout the school year. Students must complete 12 lessons to receive certification. There is no charge for the classes, which are supported by Comal Master Gardeners.

“We’ve had a very successful year with the Westside’s Community Garden, and the Junior Master Class® seemed like an excellent progression for this program, which has throughout the summer enjoyed the volunteer efforts of many adults and teens. This class will train a new generation of young gardeners, and help us grow our wonderful community garden,” said Westside Community Center Outreach Coordinator, Michele Valadez.
