2013 Bond Program - Alves Lane Improvements Project Public Meeting

New Braunfels, TX – As part of the City of New Braunfels 2013 Bond Program, approved by voters in May 2013, the preliminary engineering for the Alves Lane Improvements Project cited on Proposition 2 is progressing. City Officials have scheduled a second public input meeting to gather input related to the development of this project. Residents are encouraged to attend the meeting which will be held on Wednesday, October 29th, beginning at 6:00 p.m., at Canyon Middle School, located at 2014 FM 1101 in New Braunfels.

The Alves Lane project will improve drainage adjacent to and reconstruct Alves Lane from SH-46 to Saur Lane. The project includes sidewalks on both sides of the roadway, improved drainage in an area that connects multiple residential and commercial areas, and will assist with relieving congestion on SH-46.

At the meeting, M&S Engineering will present the proposed plan for the roadway, facilitate discussions and answer questions. City Staff will also be on hand to field questions about the project.

Updates on the 2013 Bond Program can be found at www.nbtexas.org/bond or the Capital Programs Facebook page at City of New Braunfels – Capital Programs. For additional information contact Project Manager Jennifer Cain at 830-221-4646 or jcain@nbtexas.org.
