River Recreation Public Input Meeting Set

New Braunfels, Texas — New Braunfels residents are invited to participate in a second annual public input meeting on local river-related management and recreation on Monday, September 21st, at 6:00 p.m., at the New Braunfels Civic/Convention Center.

In 2014, as a result of the first public input meeting, City Council formed a permanent River Advisory Committee to provide the Council with ongoing recommendations on river related issues. The River Advisory Committee will present the work it has done since its creation in November 2014. Both the City Council and the Committee will then take comments from the public on what's working well, and what still may need improvement.

“It is important that we continue to review the effectiveness of our new and existing management practices in order to provide for a safe and inviting atmosphere for our residents and patrons,” said Assistant City Manager Kristi Aday. “We encourage our citizens to take advantage of this opportunity to join us in an interactive meeting as we receive feedback and evaluate how we move forward.”

The Civic/Convention Center is located at 375 S. Castell Avenue.
