Westside Community Center and NBU Partner With Rain Barrel Presentation

New Braunfels, TX – The City of New Braunfels’ Westside Community Center (WCC) and New Braunfels Utilities (NBU) are partnering for a special Rain Barrel Presentation on Thursday, October 8th, starting at 3:30 p.m., at the WCC garden.

Andrew Cummings, NBU Resource Conservation Lead, will demonstrate how to make a rain barrel on a budget while patrons learn the benefits of rain water harvesting. NBU will then raffle off the rain barrel from the demonstration as well as donate an additional rain barrel to the Westside Community Center garden.

“We are excited about the upcoming presentation here at WCC. Recently, we have had an increase in our Saturday Teaching Garden attendance and NBU’s rain barrel presentation is going to help garden visitors and volunteers gain a better understanding of the importance of harvesting rain water,” said Jennifer Hernandez, WCC Outreach Coordinator.

For additional information, contact Ms. Hernandez at 830-221-4630.
