**2013 Bond Program - Alves Lane Improvements Project Public Meeting**

**New Braunfels, TX** – As part of the City of New Braunfels 2013 Bond Program, approved by voters in May of 2013, final engineering for the Alves Lane Improvements Project cited on Proposition 2 is progressing. City Officials have scheduled a third public meeting to provide a project update as well as an opportunity for property owners to meet with City staff regarding the Right of Way (ROW) acquisition process. Residents are encouraged to attend the meeting, which will be held on Thursday, March 3<sup>rd</sup>, beginning at 6:30 p.m., at Freiheit Elementary School. The school is located at 2002 FM 1101 in New Braunfels.

The Alves Lane project will improve drainage adjacent to and reconstruct Alves Lane from SH-46 to Barbarossa Rd. The enhanced roadway will include a continuous turn lane and sidewalks on both sides of the road. Alves Lane provides connectivity to multiple residential and commercial areas and assists with relieving congestion on SH-46.

At the meeting, City staff will be on hand to provide a brief project update and answer questions. Representatives from the City's ROW consultants - Contract Land Staff - will also provide information about the ROW acquisition process and meet with individual land owners regarding their properties.

For additional information contact City of New Braunfels Project Manager Adam Michie at 830-221-4079 or [amichie@nbtexas.org](mailto:amichie@nbtexas.org).
