**The American Presidents and UFOs Lecture at New Braunfels Public Library**

**New Braunfels, TX** - The connection between UFOs and American presidents will be explored by Larry Holcombe on Wednesday, July 6 at 7:00 p.m., at the New Braunfels Public Library. Mr. Holcombe has been interested in UFOs since the late 1950's when he began the study and research of the UFO phenomenon. In 2006 he wrote his first novel, *The Great River Disclosure*, a thriller based on the government cover-up of an extraterrestrial presence visiting earth. His second novel, *Satan's Angel*, was released in eBook format.

In researching background for the novels he became intrigued by a 1970's NBC-TV documentary, *UFOS: Past, Present & Future*. The documentary endorsed the theory that some UFO's were extraterrestrial. In further study, he got the idea to write a non-fiction book built around the documentary, the Nixon administration, and the involvement of all modern presidents in the UFO phenomenon.

A detailed book proposal was developed and in 2015 *The Presidents and UFOs: A Secret History from FDR to Obama* was published by St. Martin's Press. Sony Pictures has optioned the film rights to the book.

Mr. Holcombe has lectured in six states and his upcoming two-part lecture at The International UFO Museum and Research Center will be titled *The Presidents and UFOs/New Evidence Supporting Roswell as an Extraterrestrial Event*.

The library's lecture series is made possible with the support of The Friends of the New Braunfels Public Library.
