River Properties Master Plan Public Input Meeting Scheduled

New Braunfels – The New Braunfels Parks and Recreation Department invites the community to participate in a public input meeting regarding the River Properties Master Plan on Wednesday, August 10th at 7:00 p.m. at the New Braunfels Public Library.

In June, City Council approved a contract with Freese and Nichols for the development of a Master Plan for city owned property along the Guadalupe River near River Acres Park. The Parks and Recreation Department has maintained the property as a greenbelt and would now like to develop a strategy for future use and development based on public input.

“Community input is a crucial component of the master planning process,” said Stacey Dicke, Parks and Recreation Director. “This meeting will provide a venue for residents to contribute opinions and ideas and learn more about the project.”

Representatives from the Master Plan design team, Freese and Nichols and City staff will be available during the meeting to answer questions and discuss the project. Call 830-221-4350 for additional information.
