Temporary Lane Closures Scheduled for N. Walnut Avenue Bridge

New Braunfels, TX - The City of New Braunfels has announced that beginning on Monday October 3rd, RESTEK, Inc will begin work on improving the bridge joints on the N. Walnut Avenue bridge, located between Eikel Street and Creek Drive.

As part of this project the contractor will be closing one lane each way - per phase - in order to safely repair the joints. Project plans call for closing the two inside lanes first.

The work is anticipated to take approximately seven weeks and is expected to be completed within the indicated timeframe, weather and other factors permitting.

For additional information, contact Nathan Garza, Project Manager, at 830-221-4082.
