RIOMobile Adds Additional Stops to Fall Schedule

New Braunfels, TX - The New Braunfels Public Library RIOMobile will be adding several new stops and adjusting the stop times of others as it begins its fall 2016 schedule on October 4th. Seven new stops have been added to the schedule, including the Comal County Senior Center, Oak Tree Elementary School, and Solms Park.

“After several successful months of operation, we have added stops to increase the outreach to the youth and senior populations in our service area,” remarked Library Director Gretchen Pruett. “In order to accommodate the additional demand, some stops have become biweekly stops. This will not affect fines for bookmobile patrons.”

This schedule is effective beginning October 4th:
