New Braunfels Public Library Conducts Adult Services Survey

New Braunfels, TX - The New Braunfels Public Library is currently conducting a survey of patrons concerning adult programs. The survey polls the public regarding the types of programs they would like to attend and the day of the week and time of day preferred. This survey may be accessed on the library's website at www.nbtexas.org/library, or in print format on the display table in the Library, through the end of January.

“We hope that this survey will help us to provide the kinds of programs the public desires, and at times that are the most convenient for them,” said Library Director Gretchen Pruett. “The community’s participation will help us serve families in ways that enrich their lives. The information we glean from the survey will help us provide the services that most benefit our community.”
