New Braunfels Public Library and Westside Community Center Closed January 11th for Staff Training

New Braunfels, TX - The New Braunfels Public Library and the Westside Community Center will be closed all day on Wednesday, January 11th to allow staff to attend training sessions. All programs originally scheduled for Wednesday will not be held. This closure also includes the RIOmobile bookmobile.

“We apologize for any impact that closing for the day will have on our library patrons, but we believe that this is the best, most efficient way to offer high quality training to our library staff. Customer service is our top priority, and training sessions enable us to ensure that all staff members are working at the highest level possible,” explained Library Director Gretchen Pruett.

For questions regarding the closure, or other matters, contact the library at 830-221-4300.
