Rescheduled - Temporary Road Closure on Seguin Avenue Downtown

New Braunfels, TX - The City of New Braunfels has announced a revised schedule for underground utility construction that will necessitate the closure of Seguin Avenue (between Main Plaza and Mill Street) from 9:00 a.m. to 4:00 p.m., Tuesday, February 7th through Friday, February 10th. The project is expected to be completed in that timeframe, weather and other factors permitting.

This work is being done in conjunction with the Downtown Public Restrooms project. Traffic will be detoured to Castell Avenue to circumvent these closures and delays should be expected in the area. Use of an alternate route is encouraged.

For additional information, contact Nathan Garza, Project Manager, at 830-221-4082.
