S. Castell Ave. Visioning Plan Public Input Meeting Now Set for January 24th

New Braunfels, TX — In the issue of public safety, due to forecast hazardous weather conditions, the S. Castell Avenue Visioning Plan public meeting originally set for Tuesday, January 16th was postponed. This meeting has been rescheduled for 6:00 p.m. on Wednesday, January 24, 2018 in the New Braunfels Civic/Convention Center ballroom.

This is the sixth in a series of public meetings planned to include the community in the visioning process that is in progress for the South Castell Avenue area in downtown New Braunfels.

At this meeting, small groups will participate in table discussions on multiple topics then report back to the entire gathering with their thoughts and comments. Attendees will then be invited to speak and provide additional, individual input, if desired.

The visioning plan for the site is designed to communicate to the development community what citizen expectations are for the area. This citizen-led process is a way for the City to share with the future developer what is important to the community and the public is encouraged to attend and participate.
