## **New Braunfels Regional Airport Master Plan Public Workshop**

**New Braunfels, Texas** — A public workshop will be held at 5:30 p.m. on Wednesday, May 23rd to engage interested members of the community in plans for the New Braunfels Regional Airport. The meeting will be in the New Braunfels Regional Airport Terminal, 2333 FM 758 in New Braunfels.

This is the first workshop held as part of the ongoing Airport Master Plan and will present anticipated needs for the airport over the next 20 years. Airport demand forecasts, anticipated airport facility needs, and development plans will be discussed, including the vision for the airport.

The public is invited to share their input, help plan the future of the airport and learn about the benefits and impact to the community that the airport provides.
