### **Library Offers Innovative Coffee Kiosk**

**New Braunfels, TX** — Just in time for cooler temperatures and the holidays, there will be new beverage options available for purchase at the new New Braunfels Public Library’s coffee kiosk, which was installed in November.

“Our coffee kiosk was almost 10 years old,” said Customer Experience Manager Lindsey Miller. “It had served its time, and with the addition of chai latte and decaf Pike Place Roast we’re excited to be able to offer our patrons new drink options, too. Everything we do is all about expanding our services to the public.”

The chai latte and decaf coffee join Starbucks’ Pike Place and Verona coffee blends and hot chocolate.

The library is able to offer the new coffee machine and extended counterspace courtesy of the New Braunfels Public Library Foundation.

“The Foundation is thrilled to provide an updated coffee machine and service counter for the enjoyment of library patrons,” said Foundation President Betsy Payson. “Patrons can come read the paper or meet a friend at the library and enjoy a warm cup of coffee or tea without brewing it at home.”

For more information about the New Braunfels Public Library Foundation, visit <http://www.nbplf.org/>. For more information or questions about the library’s coffee kiosk or other services, stop in, call 830-221-4300 or visit <https://www.nbtexas.org/114/Library>.
