Temporary Alves Lane Detour at HWY 46

New Braunfels, TX — The City of New Braunfels announces a temporary detour of the southbound lanes of Alves Lane approaching HWY 46 West from 9:00 a.m. Friday, November 22nd through 5:00 p.m. on Wednesday, November 27th.

Southbound traffic on Alves Lane will be detoured at Floating Star to Oeklers Drive. Northbound access to Alves Lane from HWY 46 West will remain open to traffic.

This detour is necessary to allow construction of storm water and roadway improvements at the intersection of HWY 46 and Alves Lane as part of the ongoing Alves Lane improvements being performed as part of the City's 2013 Bond Program. The work requiring the detour is expected to be completed within the timeframe listed, pending weather and other factors.
